Consumption. Bronchetis, Asthma, treated by mhalation.—Dr. Gulfford D. Semborn, of the New York Lung institute, treats all diseases of the lungs and threat by his new system of inhaling medicated vapors directly into the respiratory organs. No medicines are given into the storagh. Examinations of the lungs and air passages are made, and an accurate physical chart given of their condition. Persons who have inherited a tendency to consumption will be instructed how to prevent its development, and the only true method of removing the disease when established. I here take the opportunity of announcing to the public that I am the first and only physician in the United States who treats and cures diseases of the lungs and and throat by inhalation alone. I will guarantee to treat with better success any disease of the lungs and are passages, by inhaling or breathing medicated vapors, than any physician can do by the old method of feeding drugs. The system of inhalation, introduced by myself in this country, and which is now being adopted by many scientific and prominent physicians. is new and novel, and differs widely from the "hot water vapor" of defunct English notoriety. I cordially invite all persons to examine into its merits, and the benedical results which are invariably produced by this system of ireatment. Dr. Semborn can be consulted daily, from till 5, at the New York Lungs Institute, No. 6 Bond st.
